**YOUR
TURN**

Step 1

INSERT a ton of data

Step 2

Ask Some Questions

We want to reward our
users who have been
around the longest.

Find the 5 oldest users.

What day of the week do
most users register on?

We need to figure out when
to schedule an ad campgain

We want to target our inactive users with an email campaign. Find the users who have never posted a photo

We're running a new contest
to see who can get the most
likes on a single photo.

WHO WON??!!

Our Investors want to know...
How many times does the
average user post?

A brand wants to know which hashtags to use in a post

What are the top 5 most commonly used hashtags?

We have a small problem with
bots on our site...

Find users who have liked
every single photo on the site

We also have a problem with
celebrities

Find users who have never
commented on a photo

MEGA CHALLENGE

Are we overrun with bots and
celebrity accounts?

Find the percentage of our users who
have either never commented on a
photo or have commented on every
photo
